Truth-In-Savings Account Disclosure

A. Rate Information

The dividend rate and annual percentage yield (APY) on your account is stated on page 1. The APY is a percentage rate that reflects the total amount of dividends to be paid on an account based on dividend rate and frequency of compounding for an annual period. The dividend rate and APY may change at any time as determined by the Henrico FCU Board of Directors.

B. Nature of Dividends

Dividends are paid from credit union earnings (past and present) after the required transfers to reserves at the end of the dividend period. The dividend rate and APY are the anticipated rates and yields that the credit union will pay for the applicable dividend period.

C. Compounding and Crediting

Dividends will be compounded and credited as stated on page 1. The dividend period for this account is also stated on page 1. The dividend period begins on the first calendar day of the dividend period and ends on the last day of the dividend period.

D. Accrual of Dividend

Dividends will begin to accrue on cash and non-cash deposits on the business day you make your deposit to your account. For all the accounts set forth on page 1, if you close your account(s) before accrued dividends are credited, accrued dividends will not be paid.

E. Balance Information

The minimum balance required to open this account is stated in the chart on the previous page. For accounts using a daily balance method, dividends are calculated by applying a daily periodic rate to the full amount of principal balance for the account each day. For accounts using an average daily balance method, dividends are calculated on the result of adding the full amount of principal balance in the account for each day of the period and dividing that figure by the number of days in the period.

F. Account Limitations

The account limitations are stated on page 1. For an account in which limitations apply, no more than six (6) transfers and withdrawals from your account to another account of yours or to a third party in any month by means of a preauthorized, automatic or internet transfer, by telephonic orders or instruction, or by check, draft, debit card or similar order. If you exceed these limitations, your account may be subject to a fee or be closed.

[1] Courtesy Pay, NSF or Overdraft Fee(s) may be imposed for overdrafts created by checks, in-person transactions, ATM withdrawals or by other electronic means.
